RE: AS/SVE Treatability Study Quarterly Report for Boca  
Chica Flying Club July to September 2002, Naval Air  
Facility, Key West, Florida

Dear Mr. Glover:

I have completed the technical review of the above  
referenced document dated December, 2002 (received December  
17, 2002). FDEP has reviewed the document referenced above  
and finds the document to be adequate for its intent since  
the correct GCTL's were utilized in the April 2003  
Evaluation Report.

If I can be of any further assistance with this matter,  
please contact me at (850) 245-8998.

Sincerely,

Tracie L. Vaught  
Remedial Project Manager
